

Let's End "Slavery"!

Salem witchcraft.

The magistrates declared that a devil's "teat" or "devil's mark" on the body was proof of guilt. Mischief following anger between neighbors was ground for suspicion. "the devil could not assume the shape of an innocent person." This last meant that hallucinations would be accepted as proof of the guilt of the accused.

Abuser Used Alien Conspiracy to Control Me

Her nightmare began with her arms and legs tied to a bed, and a tape recorded voice speaking. She was 12 years old. "Basically I had all these rules that I was supposed to follow that had been given to me from the aliens," she says. "I couldn't have anything to do with boys. If I did, my family would die." Jan brought stalking charges against him, and finally faced her abuser in court. He killed himself before he could be sentenced.

PERSONAL INTEGRITY BY L. RON HUBBARD

What is true for you is what you have observed *yourself*. And when you lose that, you have lost everything. What is personal integrity? Personal integrity is *knowing what you know*. What you know is what you know and to have the courage to know and say what you have observed. And that is integrity and there is no other integrity. Of course, we can talk about honor, truth, nobility—all these things as esoteric terms. But I think they would all be covered very well if what we really observed was what we observed, that we took care to observe what we were observing, that we always *observed to observe*. And not necessarily maintaining a skeptical attitude, a critical attitude or an open mind—not necessarily maintaining these things at all—but *certainly* maintaining *sufficient* personal integrity and *sufficient* personal belief and confidence in self and courage that we can observe what we observe and say what we have observed. Nothing in Scientology is true for you unless you have observed it and it is true according to your observation.

That is all. - L. Ron Hubbard

PIG BRAINS ARE REMARKABLY SIMILAR

"The Lord said to Moses and Aaron, "Say to the Israelites: 'Of all the animals that live on land, these are the ones you may eat: You may eat any animal that has a divided hoof and that chews the cud. There are some that only chew the cud or only have a divided hoof, but you must not eat them. [...] You must not eat their meat or touch their carcasses; they are unclean for you."

Consciousness is part natural world. Believe, only on logic and mathematics and on the imperfectly known laws of physics, chemistry, and biology; it does not arise from some magical or otherworldly quality.
